Product Specification Sheet

DEFCON® Retractable CL

Part #: ASP03EU

Product Description:

The DEFCON® Retractable Cable Lock combines a 1.2 meter galvanised steel cable with a high quality 4 digit resettable combination lock designed to fit the security lock of most notebook computers. With up to 10,000 user-settable combinations this keyless notebook cable lock provides hassle free security - there's no chance of losing your key! The retractable housing cable tidies away neatly and is both small and light making it portable, perfect for people on the move. Once the cable is extended you simply loop it through the lock body and attach it to a non-moveable object ensuring tidy protection for your notebook. The cable extends to 1.2m.

Product Features and Specifications:

- 4 digit user-resettable combination lock; convenient keyless security up to 10,000 combinations available
- 1.2m Cable; easily loops around multiple anchoring points ensuring secure notebook protection
- Easily attaches to any notebook computer equipped with a security lock slot
- Portable; Small Compact Retractable Design
